

Step 1:
Get the consumers and staff together and draw a floor plan of the facility making all windows and doors.

Step2:
Show two ways out of each room in case your main route is blocked by smoke or flames. Make sure windows can be opened easily.

Step3:
Agree on an outside meeting place where every individual will wait for the fire department. Mark this on the plan.

Step 4:
Once out the facility! Don't go back inside for any reason.

This image shows a full page of blank graph paper. The grid consists of small squares formed by thin black lines. There are approximately 20 columns and 25 rows of squares. The paper is otherwise empty, with no text or markings.

The meeting place is:
